Description

For crystal clear glassware, use Bar Maid sanitizer tablets in your final rinse. These powerful Sani-Maid sanitizer tablets kill germs and viruses that could be spread on your glassware and leave them so clean, they'll sparkle. They're easy to use and very economical! Use just one tablet per gallon of water — the standard three-compartment bar sink, requires three tablets. You can also dilute the tablets in a spray bottle to sanitize food contact surfaces! Please use as directed for the best results.
