Description

Increase your store's profitability as well as enhancing your customer's experience and encouraging greater sales. (15x20 printed "More Matters" 4 rolls per case/ 750bags) **One Bag at a Time Dispensing**The Pull-N-Pak is the only system that dispenses only one bag at a time to the last bag on the roll, eliminating customer frustration and reducing bag waste. **Pre-Opened Bags**The Pull-N-Pak system solves shoppers #1 complaint by providing pre-opened bags. **Wide-Opening, Static-Free Bags**Pull-N-Pak bags stay open and are easy for customers to load large wet items. **Large Capacity Bags**With 15" x 20" capacity, Pull-N-Pak bags hold 50% more than standard roll bags, encouraging shoppers to purchase greater volume. This larger size is proven to generate increased sales. **Star-Sealed Bottom**Pull-N-Pak's patented star-sealed bottom is stronger than any other seal on the market. It is leak proof and creates a unique, concave shape that leads to increased sales. **Attractive on Dispensers**Futuristically designed dispensers are compact, complement store interiors, and are manufactured from stainless steel or high-impact polycarbonate. **Environmentally Friendly**Pull-N-Pak bags used 50% less raw materials and less energy to produce and ship than standard bags. Due to the pre-opened bags and one bag at a time dispensing, Pull-N-Pak decreases bag waste by up to 20%. All Pull-N-Pak bags are recyclable.
